## GET RID OF FLIES!

- **Capacity: 12 L**
- **Active for 1 to 2 months**
- **Easy to clean bucket**
- **One bucket of fly busters covers 200 to 300 m<sup>2</sup>**
- **Highly effective: catches 90% of flies around the farm or home**
- **For outdoor use only**

### INSTRUCTIONS

- 1 Wear gloves.  
Empty the sachet of bait into the bucket.
- 2 Add 6 litres of water and stir.
- 3 Put the lid on the bucket.

Complete Fly busters kit  
(bucket + bait)  
Ref. 129595

Bait refill  
Ref. 129595001

**Tip from a pro:** For optimum results, it is important to create a «fly-free» zone around the farm or house. Place several fly traps 10-15 metres from the farm or house, about 15 m apart. Place the buckets 1.5 metres above the ground in a sheltered spot.
